The two-day conference on labor racketeering matters held at the Bureau on August 13 and 14, during which 30 Agents from the field attended, was completed the evening of the 14th.

The conference was most productive and covered not only the investigative problems involved in this highly technical investigative area but also the administrative handling of cases.

A letter to all Special Agents in Charge is being prepared containing the beneficial information which might be disseminated to all offices, it being noted that the persons attending the school specifically understood they were to return to their offices, confer with their respective SAC's, and thereafter bring to the attention of all Agents who will work on these matters items covered during the conference.

b6
b7c

I wish to advise that the supervisors assigned to the Labor Desk in the Accounting and Fraud Section, namely, [redacted] and H. Branch Wood, are responsible for preparing the material which was discussed during the conference and for leading the discussions. In addition, specific assignments were made to the representatives of the New York, St. Louis and Springfield offices. These were excellently handled by the personnel participating. Also there was a free and forth-right discussion of all problems by all Agents in attendance.

I had the opportunity to attend the greater portion of this conference and on its conclusion numerous Agents stopped me in the hall and personally advised me of the excellence of the conference and the fact that they appreciated being asked to attend. This was a spontaneous reaction. I also wish to state that a rather unusual situation occurred when at the end of the conference after they were dismissed, those in attendance lined up in a so-called line "which formed to the right" and shook hands with the supervisors and personnel who participated in the conference at the Seat of Government. I am advised by Courtney Evans, Chief of the Accounting and Fraud Section, that he too had experienced a similar situation.

on Government Reservation cases; 567 in Theft of Government Property; 429 in Veterans Administration Matters; 332 convictions in Impersonation and Illegal Wearing of the Uniform investigations; and 262 in White Slave Traffic Act cases. It is also noted that while the number of convictions is small, nevertheless in such involved matters as Civil Rights and Labor violations the record for the fiscal year 1956 substantially exceeded that for the previous year.

While individual letters to the supervisors in this connection are not warranted, it is recommended that a general letter of commendation be addressed to the Division in order that these supervisors can be informed of the Bureau's appreciation for their part in the excellent record compiled.

SUBJECT: COURTNEY A. EVANS
 Supervisory Special Agent
 Chief, Accounting and Fraud Section
 Investigative Division
 EOD 12-9-40; GS-15, \$11,880
 Non-Veteran; Not on Probation

The following is a brief, concise summary concerning the services of Mr. Evans for the Director's use.

Mr. Evans has been serving as an Agent since 12-9-40, he has served as Chief of the Accounting and Fraud Section of the Investigative Division since 11-13-53, and was reallocated to Grade GS-15 on 12-5-54.

During the past year Mr. Evans has received no letters of censure. Letters of COMMENDATION were directed to him on 7-23-56 and 8-27-56 for the effective manner in which he was discharging his responsibilities, and on 8-31-56 he was COMMENDED for the excellence of his supervision of the Obstruction of Justice case involving an attack on Victor Riesel.

During the January, 1956, inspection of the Investigative Division Inspector Edwards stated the favorable results accomplished in the Accounting and Fraud Section indicated that Supervisor Evans had manifested proper leadership, guidance and control of subordinate personnel and close attention to the work of his section. He was conscientious in the performance of his duties and was genuinely interested in efficiently carrying out the responsibilities expected of him. He made a favorable, business-like appearance. He was a competent Supervisor in Charge and considered capable of assuming additional responsibilities.

It is noted on 6-25-56 Mr. Evans fainted while conversing with Assistant Director Rosen in the latter's office. He was subsequently taken to the office of his physician, [redacted] Arlington, Virginia. [redacted] was later contacted by the Bureau for a report on this agent's condition and he advised he could find nothing wrong with Mr. Evans. He could offer no indication of what might be the cause of Evans' fainting and recommended he report to him immediately if there was recurrence of any of the symptoms. There has been no recurrence to date.

The Director last saw SA Evans on 10-28-54 upon his return from San Francisco where he (Evans) had spoken before the Bank Auditors Convention. Evans stated his speech was well received and he believed the contacts made would be of inestimable value to the Bureau in view of the position held by auditors in banks. He also advised the Director of some of the progressive steps he had taken in bringing about a tightening up of his section of the Investigative Division. The Director expressed his

gratifications at this report which Mr. Evans made.

His daily average overtime for the last six months was as follows: August, 1956, 3 hours 53 minutes; September, 4 hours 47 minutes; October, 2 hours 57 minutes; November, 2 hours 56 minutes; December, 1956, 3 hours 9 minutes; January, 1957, 3 hours 16 minutes.

As of 2-1-57 Mr. Evans listed the Seat of Government as his office of preference.

Dear Mr. Evans:

It is desired to emphatically bring to your attention the thoroughly unsatisfactory way in which a brief and summary relating to improper activities in the Labor-Management field were prepared in the Accounting and Fraud Section of the Investigative Division. Numerous important facts were omitted, certain information was not set forth in sufficient detail and no table of contents or index was originally submitted although the length of the brief should have made obvious the need for either a table of contents or an index.

RECORDED 87 67-163 462-197

As chief of the section in which this document was prepared it was your responsibility to insure a complete, concise and workmanlike product. The slipshod product in this instance reflects directly and most adversely upon your supervision of the matter. You will be expected to personally take whatever measures are necessary to prevent any similar unsatisfactory work in your section in the future.

The attached material for your use in the conference with the Attorney General tomorrow with respect to the Senate Select Committee on Improper Activities in the Labor Management Field, is typical of the type of briefs that have been prepared in the Investigative Divisions during the past several years.

The brief came to me without a table of contents and without an index. It certainly should be obvious that you could not fight through a long memorandum of this kind without some indication of its contents.

RECORDED-141

67-80005-1717

On page 3 of the summary and on page 40 of the brief, reference is made to the fact that [] by pre-arrangement, met Hoffa on a street in Washington, D. C. [] No date of the meeting was given, which I have inserted in ink. The purpose of the meeting is not indicated, and I have instructed Mr. Evans to prepare a supplementary memorandum as to what the meeting was all about, as it certainly seems pertinent to me to know the purpose of this contact.

The memorandum contains nothing concerning Dave Beck, his present whereabouts and the fact that recently some branch of the Labor Department asked the Civil Service Commission to conduct an investigation of Beck, as he was being considered for some official designation to represent the United States Government at an international meeting. As I recall it, we declined to make such an investigation. I certainly think the facts concerning this angle are pertinent to your conference with the Attorney General.

The general impression upon reading this memorandum is that they have thrown everything except the kitchen stove into the picture with the hope that they will not be criticized for leaving anything out. The end result certainly represents an extremely undesirable product for the purpose for which it was prepared and I strongly recommend strong letters of censure to Mr. Boardman,

Another defect in the memorandum is that it does not specifically disclose the memoranda which we have sent to the Department for clearance to the Committee and what information has not as yet been cleared by the Department for the use of the Committee. I know we did send some information on communist infiltration of a labor union, which case is pending before the Subversive Activities Control Board and that Olney is objecting to furnishing this to the committee. We have also sent information concerning communist infiltration in the Teamsters' Union. This went to the Department this morning and has not yet been cleared. This information should have been clearly set out for your use in the prepared material.

Dear Mr. Evans:

It has been most gratifying to note your exemplary performance in connection with the Bribery case involving James Riddle Hoffa and others.

I have in mind, particularly, the effective way in which you aided a Bureau official in the several conferences which were held with important and highly placed Government officials. You were thoroughly versed in the many ramifications of this case, which was invaluable. It is a pleasure to commend you.

Sincerely yours,

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving of special commendation).
E Excellent.
✓ Satisfactory (good or very good).
- Unsatisfactory.
O No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 A. Any element rated "Unsatisfactory" must be supported by narrative comments.
 B. An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

Dear Mr. Evans:

I read with great interest your article in the January issue of the National Savings and Loan Journal titled, "Embezzlements Increase as Robberies Decline".

I talked with [redacted] of the Kansas Savings and Loan League and asked him what he thought about having this subject brought before our convention which is being held in Kansas City, Kansas, May 16, 17 and 18th. [redacted] thought it was a wonderful idea and stated that we had never had anything quite like it at prior conventions. It would bring our convention high honor if you could bring your subject before the group in much the same manner as it was presented in the magazine. Our convention agenda has an opening on either Friday or Saturday morning. Of course the convention would pay your traveling and housing costs incurred in connection with a speaking engagement such as this. We sincerely hope that your calendar is such that you can attend this meeting.

RECOMMENDATIONS FOR COMMENDATION

At the conclusion of the Hoffa matter last night, I instructed SAC Laughlin, WFO, to get to me promptly his recommendations for commendation as to the agents of his office who participated in this investigation. Since, however, Laughlin had gotten no sleep Tuesday night (3/12) and had, therefore, been awake for approximately 40 hours, I sent him home and told him to get the recommendations to me promptly after he had had a chance to get some sleep.

Concerning the Investigative Division, the recommendations set out below are being made:

67-80005-1718
[] - This case was assigned to Supervisor [] and in my frequent discussions with him I found him to be very well informed, alert to the pertinent points involved in this investigation, and his preparation of the memoranda to the AG (keeping him advised as to developments) was good. He expended a considerable amount of voluntary overtime. I recommend a letter of commendation.

H. B. *X*WOOD:

[] - These Supervisors in the Investigative Division have a detailed knowledge of labor matters and, through extensive research conducted, were able to supply valuable material to the field to assist in the investigation conducted in this matter. They expended a considerable amount of voluntary overtime. I recommend that they receive letters of commendation.

42
R. A. *X*GARVEY - Supervisor Garvey is in charge of the Unit in which this case was being handled. *I had* numerous occasions to consult with him, had him present with me in the office at the time this case was

Dear Mr. Evans:

In the Bribery case involving James Riddle Koffa you reviewed a report dated May 10, 1957, including information that had been furnished by a certain individual; however, you did not take steps to have this material brought to my attention. In view of the nature of this information, you were at fault for failing to do this.

Hereafter, it will be incumbent upon you to demonstrate a higher degree of care and thoroughness in the performance of your official duties so that a similar delinquency will not occur.

COURTNEY A. EVANS
 This is prepared in response to the Director's instructions

that he be shown a copy of a statement prepared by [redacted] informant in this case, at the request of the counsel for the Senate Committee, Robert F. Kennedy, and to the Director's statement he would like to know why he was not promptly advised of such action on the part of Kennedy.

On 5-9-57, [redacted] (MALONEY) voluntarily furnished an Agent of our New York Office with a copy of an undated memorandum which [redacted] said summarized his emotions at the time of his first contacts with subjects Hoffa and Fischbach in this case.

b6
 b7C
 b7D

[redacted] advised he prepared the summary in response to a request of Robert F. Kennedy that he set down on paper what thoughts ran through [redacted] mind during his initial contact with the subjects. [redacted] said that Kennedy did not advise him why he wanted this summary.

New York submitted this in report form since, as noted on the administrative page of the report, it was felt that at least in part it might be of value to the U. S. Attorney in the prosecution of the case. The report was prepared on Friday, 5-10-57, and received at the Bureau on Monday, 5-13-57. Two copies were furnished to the Criminal Division the same day and one copy was furnished to the U. S. Attorney on 5-14-57.

RECORDED - 97
 The statement is a recital 11 pages long of the fact that [redacted] is an [redacted] an idealist, a [redacted] and a patriotic citizen. He said he was shocked at Fischbach's proposal he get a job with the Committee and feed information to Hoffa. [redacted] considered this an even more grievous offense than high treason. He said he thought of turning down the proposal, but after sleeping on it, decided the proper thing to do was to turn the tables on Hoffa and report Hoffa to the Committee he was seeking to victimize.

Memorandum to Mr. Rosen

The statement in question is replete with self-serving comments by [] eulogizing his war record, his morals, and his sense of patriotism. In view of this, upon receipt, it was considered a self-serving declaration by [] prepared almost three months after the events it referred to and did not seem admissible in evidence. It is noted that there is no information contained therein relative to the facts of the case which was not previously developed and furnished to the United States Attorney and the Department. Although this statement did not appear to have a direct bearing on the criminal offenses at issue or on the pending prosecution, it was deemed advisable to disseminate it to the Department and the United States Attorney for possible use in evaluating and examining [] as a witness.

b6
b7C
b7D

Three possibilities were considered concerning Kennedy's motives in asking for the statement: (1) He was thinking of retaining [] as a Committee employee after the trial of the case was concluded and wanted information to aid in evaluation of []. (2) He was satisfying his innate curiosity. (3) He was trying to find something for [] to do during the usual workday in the Committee's New York office, bearing in mind [] activities were confined to inside office work as much as possible.

b6
b7C
b7D

It was not felt at the time that Kennedy's action in asking [] for this information was beyond the scope of his privilege as [] employer. Further, it was not believed that [] philosophical reactions to this case were of sufficient significance as to warrant bringing them to the Director's attention. The report containing [] statement is enclosed in compliance with the Director's instructions.

b6

ADDENDUM AR:WW. I called Evans concerning this matter inasmuch as Supervisor [] had brought this to his attention. Mr. Evans had just completed a talk at Yellowstone National Park. I referred to the statement which [] had prepared and Evans stated that he very clearly recalled this material having been sent to us by the New York office. He stated he remembered clearly discussing the matter with the Supervisor and he also read the material in toto. He said that to the best of his judgment at the time he felt that it was merely a philosophical approach to the situation. He stated that his reaction at the time was that somebody was getting ready to write a book. I asked Evans whether Kennedy ever mentioned this to him and Evans stated Kennedy had not. I advised Evans that this matter had come up in a discussion yesterday, that the Director wanted to know why he had not been advised of the existence of this memorandum. Evans stated that he regretted this had occurred, that it was his responsibility, that he did not feel it was of sufficient importance to send it forward, that it was his best judgment at the time, and he is very sorry that the present situation occurred.

ADDENDUM - AR:LS

RECOMMENDED ACTION.

MEMORANDUM FOR MR. TOLSON

On Tuesday, September 10, 1957, I saw Mr. Courtney A. Evans, Section Chief of the Accounting and Fraud Section of the Investigative Division. Mr. Evans stated that he felt it was desirable at that time to see me and to inquire whether I felt that the handling of the liaison with Senator McClellan's Committee was being carried forth in accordance with the original instructions I had issued and to brief me generally about the relationship existing with that Committee.

Mr. Evans stated that the relationship has been most cordial with Senator McClellan and also with Mr. Robert Kennedy, General Counsel of the Committee. He stated that on numerous occasions the Senator has seen fit to personally commend the FBI for its assistance and he indicated that the Senator did not have the same feeling toward sections of the Department, particularly Mr. Olney's office.

I told Mr. Evans I had been quite pleased with the manner in which he had handled this matter and commended him for his handling of the same.

This is submitted in connection with the Director's inquiry as to the basis for not using the phrase "restricted investigation" in transmitting reports to the Department in this case in 1955 and 1956.

This case initially arose on 10-4-55 when then Deputy Attorney General Rogers requested that we interview [redacted] of General Services Administration (GSA) who had indicated to Rogers he had information concerning the awarding of a Government contract to produce nickel in Cuba. We conducted the requested interview and secured voluminous documentary material from [redacted]. Since a review of the information supplied by [redacted] and the documents did not indicate the violation of any Federal Statute within the Bureau's jurisdiction, but rather that there were political considerations in the award of this contract, we wrote the Department pointing out we had completed the investigation requested and asking legal advice as to whether there was any violation within our jurisdiction which would warrant investigation.

Thereafter there were a series of detailed requests from the Department for specific interviews, many of which were with individuals prominent in Republican Party circles. In no instance did the Department indicate there was a Federal violation within our jurisdiction involved and consequently because of this we conducted only the interviews specifically requested. At the completion of the various phases of investigation requested by the Department we wrote the Department furnishing the results of the investigation conducted, advising that this completed the investigation requested and asking whether any additional investigation was desired.

During the course of the various phases of this investigation the Department on some occasions wrote asking that specific interviews previously requested be deferred or not conducted and this too was predicated upon the Department's review of voluminous

information concerning this matter which it had received from other sources, including Congressional and GSA hearings.

From a review of the matter as a whole because of the political ramifications and the fact the Department at no time indicated there was an actual violation under Bureau jurisdiction, the Bureau was careful to cover only those interviews specifically requested by the Department. Actually the Department did not ask for restricted investigation; rather, the Bureau was endeavoring not to become any more involved than was essential.

It is realized, however, for the protection of the record it would have been better to make it clear in writing that the investigation conducted was only that actually requested by the Department. We have been most careful to include in our letters to the Department appropriate phraseology showing the restricted nature of investigations since 7-31-57, at which time this same issue arose in a Civil Rights case and Division-wide instructions were issued. Despite the fact that instant case was handled in 1955 and 1956, it was an error in judgment not to have used more specific language because this would have made the record clear beyond any doubt.

This case was supervised by SA [redacted], who prepared the various memoranda of transmittal to the Department. [redacted] fully realizes that his memoranda failed to inform the Department unequivocally that we did only what had been asked for and he sincerely regrets this omission on his part.

RECOMMENDATIONS: (2)

1. Although [redacted] did not at the time disregard existing instructions and although he did advise the Department that its individual requests had been completed, he did not clearly point up that we did only what had been asked for. Accordingly, it is recommended he receive a letter of censure for not having made more positive statements in this regard in the communications to the Department.

2. As Chief of the Accounting and Fraud Section I am responsible for the over-all supervision of this case. I was the only one approving mail who had a sufficiently detailed knowledge of the case to have caught this omission. I recommend that I also receive a letter of censure in this regard.

Also Rosen & Boardman are to be censured. B.

Office Memorandum • UNITED STATES GOVERNMENT

TO : DIRECTOR, FBI

DATE: February 19, 1958

FROM : A. Rosen *RS*SUBJECT: SA COURTNEY A. EVANS,
Accounting and Fraud Section,
Investigative DivisionATTITUDE

The purpose of this memorandum is to report that the captioned employee reported for work on 2-18-58, notwithstanding the extremely hazardous travel conditions. In accordance with the Director's instructions this is to be made a matter of record in the employee's personnel file and considered as a COMMENDATION.

On Saturday, 2-15-58, the Washington, D. C., area was blanketed by fourteen inches of snow as a result of a storm which the Weather Bureau termed the worst that has struck this area in twenty-two years. Thereafter, high winds and near zero temperatures set in for several days making travel conditions extremely hazardous.

On Monday, 2-17-58, in recognition of the hardships and hazards that Federal Government employees would face in coming to work, a White House announcement was made encouraging such employees to stay home and take a day of annual leave. During the late afternoon of 2-17-58, a further official announcement emanated from the White House instructing that all Government employees who were not considered essential would be excused from work on 2-18-58 on Administrative Leave.

The captioned employee considered his work and his services to the FBI so essential that in spite of the foregoing announcement he took it upon himself to come to work and perform his regularly assigned duties. This is considered a highly exemplary attitude on the part of this employee and his actions in this instance certainly demonstrate his devotion to duty and the fact that he places his employment with the FBI above his personal convenience.

RECOMMENDATION:

That this memorandum be placed in the employee's personnel file.

The following is a brief and concise summary of SA Evans' record for the Director's use. SA Evans is Section Chief of the Accounting and Fraud Section in the Investigative Division.

Since January, 1956, SA Evans has been commended on four occasions, these being, 7-23-56, 8-27-56, 8-31-56, and 3-15-57. During this same period he has been censured on two occasions, 2-28-57 for the thoroughly unsatisfactory way in which a brief and summary relating to improper activities in the Labor-Management field were prepared in the Accounting and Fraud Section and 6-20-57 in that in the Bribery case involving James Riddle Hoffa he reviewed a report dated 5-10-57, including information that had been furnished by a certain individual; however, he did not take steps to have this material brought to the Director's attention.

During an Inspection of the Investigative Division in March, 1957, Inspector Teague stated he impressed him as being a very capable employee who could handle additional executive responsibilities. He made a number of highly placed contacts for the Bureau, performed speaking engagements and had been designated to perform liaison contacts with the McClellan Committee of the U. S. Senate. These were responsible assignments, and he had been performing creditably. He advised the Inspector that he recognized that it would be necessary to improve on the qualities of briefs which he intended to do in the future. He had a good attitude. The Inspector recommended he be considered as qualified for additional responsibilities at the Seat of Government.

On 3-31-57 Mr. Hargett rated him EXCELLENT and said he had demonstrated that he was capable administrator and had the ability to handle important and complex investigative matters in a highly satisfactory manner. He handled personnel well. He had the ability to get the job done. He was a valuable employee. He was interested in advancing in the Bureau's service and was capable of assuming additional responsibilities.

His daily average overtime for the past six months was as follows: February, 4 hours 59 minutes; March, 5 hours 1 minute; April, 3 hours 35 minutes; May, 3 hours 4 minutes; June, 4 hours 20 minutes; and July, 3 hours 4 minutes.

His Office of Preference as of January, 1957, was Seat of Government.

Among the important cases which have recently been handled in this section is the case involving the attack on labor columnist Victor Riesel and the Bribery Case involving James Riddle Hoffa. It is noted Mr. Evans was commended for his performance in each of these cases. He has also handled liaison contacts with the McClellan Committee of the Senate which is inquiring into labor matters.

PERSONAL

Mr. Courtney A. Evans
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Evans:

Attention has been directed to the fact that in the Fraud Against the Government - Conspiracy case involving the Nicaro Nickel Plant there was a failure to adequately safeguard the Bureau's interests. Specifically, the exact scope of the investigation was not clearly stated in official communications prepared under your supervision in 1955 and 1956 which transmitted the results of investigation. As Chief of the Accounting and Fraud Section you should have discovered the omission and taken steps to have it corrected.

Hereafter, it will be necessary for you to demonstrate a higher degree of thoroughness and closer attention to detail in carrying out your official responsibilities so that there will be no further reason to criticize you in this manner.

RECORDED - 67- Very truly yours,

Rating Period: from 4/1/57 to 3/31/58

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

- Rate items as follows:
+ Outstanding (exceeding excellent and deserving of special commendation).
E Excellent.
✓ Satisfactory (good or very good).
- Unsatisfactory.
O No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 A. Any element rated "Unsatisfactory" must be supported by narrative comments.
 B. An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

MEMORANDUM FOR MR. TOLSON

On July 3, 1958, I saw Supervisory Special Agent Courtney A. Evans of the Investigative Division, who has just been designated Number One Man of that division to replace Mr. E. E. Hargett, who is under orders of transfer to Jacksonville, Florida, as Special Agent in Charge.

Mr. Evans wanted to express his appreciation for the assignment which has been given to him. I told Mr. Evans it was indeed a real challenge. I told Mr. Evans that I assumed he, of course, recognized the fact I was far from satisfied with the manner in which the Investigative Division has been administered and that the recent shortcomings in the Fugitive Section of that Division brought to a head a series of other derelictions which had arisen in the Investigative Division and which had forced me to make some changes in the key personnel.

I stressed to Mr. Evans the imperative necessity of supervising the work for which he is responsible in a firm but fair manner. I discussed with Mr. Evans some of the difficulties which have arisen in the Investigative Division in the recent months and pointed out to him I felt the supervisors have not been given proper leadership nor been held to strict accountability for the proper performance of their duties.

DIRECTOR

Clyde Tolson

The following personnel changes are recommended:

The transfer of Inspector Edward E. Hargett, now Number One Man, Criminal, Accounting and Fraud Sections, Investigative Division, Grade GS 16, to the position of Special Agent in Charge at Jacksonville with a demotion to Grade GS 15. Mr. Hargett was censured and placed on probation by letter dated June 26th as a result of the mishandling of the fugitive work in the Investigative Division.

The transfer of C. A. Evans Section Chief of the Accounting and Fraud Section, Investigative Division, to fill the vacancy created by Mr. Hargett's transfer, as Number One Man, Criminal, Accounting and Fraud Sections, Investigative Division. Mr. Evans has done excellent work in his present assignment and I think he is qualified for the position indicated.

The transfer of Special Agent in Charge F. A. Frohbose from Jacksonville to replace Mr. C. A. Evans as Section Chief, Accounting and Fraud Section, Investigative Division, without change in grade and salary.

Summaries of the files of Mr. Hargett, Mr. Evans and Mr. Frohbose are attached.

The above-captioned Special Agent Supervisor was interviewed in connection with administrative advancement on September 24, 1958. Mr. Evans is 43 years of age, is married and has three children. He served as an agent in the Richmond, New York and Phoenix Field Divisions before being assigned to the Investigative Division December 27, 1945. He was designated Assistant Special Agent in Charge of the Norfolk Office on April 28, 1952. He was reassigned to the Investigative Division on August 10, 1953. Mr. Evans has been qualified in administrative firearms and is a Bureau speaker. His field record was excellent and his record at the Seat of Government has been excellent despite a number of censures he has received.

RECORDED - 128
 67-16346-213
 The Director saw Mr. Evans on July 21, 1952, and said Mr. Evans made a good personal appearance, seemed to be enthusiastic, and was taking hold of his new duties at Norfolk with good spirit. The Director thought he would make every effort to measure up to his responsibilities. On April 7, 1953, the Director again saw Mr. Evans and said he made an excellent personal appearance, seemed to be intensely interested in his duties, and the Director believed Mr. Evans had the ability for greater responsibility. On September 3, 1953, the Director saw Mr. Evans and said he made an excellent personal appearance and seemed to be interested in his new assignment. On March 4, 1954, the Director again saw Mr. Evans and stated his attitude was very good. On June 24, 1954, the Director saw Mr. Evans, who had recently been censured, placed on probation, demoted and transferred to the field. The Director told Mr. Evans he believed Evans' one weakness was his inability to be tough enough in the administration of his section and hold to

1 - Mr. Tavel

Memorandum for the Director

September 26, 1958

strict accountability the subordinates in his section. Mr. Evans' transfer to the field was subsequently canceled. The Director saw Mr. Evans on October 28, 1954, at which time Mr. Evans advised the Director of some of the progressive steps he had taken in bringing about a tightening up of his section of the Investigative Division. The Director expressed his gratification for the report Mr. Evans made. On September 10, 1957, the Director saw Mr. Evans and commended him for his handling of the liaison with Senator McClellan's Committee. On July 3, 1958, the Director saw Mr. Evans who had just been designated Number One Man of the Investigative Division at which time the Director discussed with Mr. Evans the difficulties which had arisen in the Investigative Division in recent months.

Mr. Evans makes a very good personal appearance and has a forceful, aggressive personality. He is definitely above average in intelligence and is one of the more interested, sincere and enthusiastic Bureau representatives. He is tactful and it is believed he would make a very excellent Bureau representative in making public speeches and in public contact work. He has demonstrated his abilities along these lines.

Mr. Evans stated he is definitely interested in administrative advancement and would like to advance as far as possible in the Bureau. He stated his ambition is some day to be considered qualified to serve as an Assistant Director. He is completely available for any assignment and there are no restrictions whatsoever on his availability.

Mr. Evans had no specific suggestions to make at this time regarding improvement of the Bureau's operations or policies although he stated he has made many suggestions and will continue to make suggestions when he sees a need for improvement in the Bureau's procedures or policies. In discussing Bureau problems with Mr. Evans, he stated he thought one of the biggest problems is the fact that the Bureau is so large that the "family touch" is being lost. He stated the Bureau has gotten so large it is not possible for the Director's drive, vigor, and enthusiasm to permeate out to all of the employees and the Director has to rely upon his subordinate executives to keep these qualities throughout the ranks of the Bureau. He thought some times the subordinate executives had not been able to do this as adequately as it should be done.

With this I agree. H
Mr. Evans also stated he thought the transfer policy of the Bureau was excellent and that it was human nature for men to get into ruts. He thought changing assignments periodically was good for the service.

Memorandum for the Director

September 26, 1958

Mr. Evans gives the impression of having given considerable thought to Bureau problems, and it is believed he is intensely interested in the future welfare of the Bureau.

It is believed Mr. Evans could adequately serve as a Special Agent in Charge at this time and it is believed he has potentialities for further development.

RECOMMENDATION:

It is recommended that Mr. Evans be considered for administrative advancement in the Bureau.

MEMORANDUM FOR MR. TOLSON

Yesterday I saw Mr. Courtney A. Evans, Number One Man in the Investigative Division.

Mr. Evans stated that he had been serving in his new capacity for 90 days and he wanted to check in with me to give to me some of his observations and receive any suggestions for guidance in the future,

Mr. Evans makes an excellent personal appearance, seems to be intensely interested in his work, and I would rate him above average. I believe he should be considered for advancement to GS-16 should the forthcoming inspection of the Investigative Division result in a favorable report upon the operations of that Division.

Mr. Evans stated that his observation in his new assignment was that the most important thing to accomplish was to transmit to subordinate employees the enthusiasm, dedication, and desire to accomplish results that prevailed in the Bureau when it was a smaller organization. He felt that with the large growth of the Bureau there had been a certain lessening of these qualities upon the part of subordinates, and he considered it to be his principal challenge to try to imbue the subordinate personnel at the Seat of Government and in the field with the enthusiasm that is necessary if real results are going to be obtained.

I told Mr. Evans that I certainly shared his views and that the views expressed by him were the real challenges which the Bureau faced up to today, particularly on the part of its executive personnel. I stated unfortunately we have had some instances at the Seat of Government recently which indicated to me there was bad morale and discipline and it was due to the failure of the top executives to give the proper leadership and to enter into the spirit of our rules, regulations, and procedures wholeheartedly. I stated we could not expect to transmit or convey to the field the necessary leadership if we at the Seat of Government did not have it ourselves.

Memorandum for Mr. Tolson

October 10, 1958

I also discussed with Mr. Evans the great importance of attaining a higher record of statistical accomplishments for the current fiscal year in view of the fact our appropriation will be approximately \$113,000,000 this year as compared with \$102,000,000 last year and with this increase in cost of operations we have not received any additional personnel so that the Investigative Division must make every effort to not only meet the record of last year, but substantially exceed it.

I was particularly impressed with Mr. Evans' enthusiasm and interest, and I believe he has definite potentialities for advancement in the Bureau.

SUBJECT: VISITS OF ASSISTANT DIRECTORS
AND NUMBER ONE MEN
TO THE NEW YORK OFFICE

By letter September 5, 1958, SAC Foster at New York suggested that each of the Bureau's Assistant Director's and their Number One Men visit the New York Office in the very near future at which time they would be given a complete briefing on the operation of the office in order to further integrate the activities of the office with those of the Bureau. He estimated that such a briefing would require six to seven hours. The Director approved this suggestion.

The following is a schedule for the various Assistant Directors and Number One Men:

9/15/58	Q. Tamm N. P. Callahan
9/16/58	A. H. Belmont J. A. Sizoo
9/19/58	A. Rosen C. A. Evans
9/22/58	G. A. Nease
9/25/58	J. J. McGuire I. W. Conrad
9/26/58	J. R. Malley
10/3/58	D. J. Parsons J. P. Mohr

Since the Identification Division has relatively little direct concern with the functioning and operation of the New York Office, it is not felt that it is necessary for Assistant Director Trotter or his Number One Man, Mr. A. K. Bowles, to go to New York for this briefing. Furthermore, it is not felt that Mr. Malone, the Number One Man of the Training and Inspection Division, need be scheduled for such a briefing

since he completed an inspection of the New York Office very recently. Mr. Belmont states that he does not feel that it is necessary for Mr. D. E. Moore, who is one of his Number One Men, to go to New York since Moore served as ASAC of that office up until October, 1956.

RECOMMENDATIONS:

(1) That the above schedule be approved. If approved, the Assistant Directors and the Number One Men who are to go will be notified as well as the New York Office.

(2) That approval be given for Assistant Director C. L. Trotter and Number One Men, A. K. Bowles, J. F. Malone, and D. E. Moore not be scheduled to go to New York at this time.

The following is a brief and concise summary of Mr. Evans' Bureau service for the Director's use.

Mr. Evans entered on duty as a Special Agent on 12-9-40 and has been assigned to the Richmond, New York and Phoenix Offices, and in the Norfolk Office as ASAC from 4-28-52 to 8-10-53. He was first assigned to the Investigative Division from 12-27-45 to 4-28-52, and was again assigned to that division on 8-10-53. On 6-20-58 he was designated as Number One Man in the Criminal, Accounting and Fraud Sections of the Investigative Division. He is in Grade GS-16, having been promoted to that grade on 12-5-54, and his present annual salary is \$13,370. He was rated EXCELLENT on his 1958 annual performance report.

Since his assignment to the Investigative Division on 8-10-53 he has been censured on 8 occasions; censured and placed on probation on 2-24-54 (removed from probation 6-4-54), and censured, placed on probation and ordered under transfer on 6-22-54 (removed from probation 10-1-54). The transfer was subsequently cancelled. He was commended on 9 occasions. It is noted that on 1-22-58 Senator John L. McClellan, Chairman of the Select Committee on Improper Activities in the Labor or Management Field, expressed appreciation for the Bureau's cooperation and for the high caliber of work done by Mr. Evans. By letter dated 7-29-58 Mr. Robert F. Kennedy, Chief Counsel for the aforementioned committee, also expressed appreciation for the Bureau's assistance and stated that Mr. Evans had been a great help and a credit to the Director and the FBI.

RECORDED • 131

The Director has seen Mr. Evans on a number of occasions, the most recent one being on 7-3-58 when he called to express his appreciation for his assignment as Number One Man of the Criminal, Accounting and Fraud Sections in the Investigative Division. The Director told him it was indeed a real challenge, and that he (the Director) was far from satisfied with the manner in which the Investigative Division had been administered. The Director stressed the imperative necessity of supervising the work for which he was responsible in a firm but fair manner, discussed some of the difficulties which had arisen in the Investigative Division, and pointed out that the supervisors had not been given proper leadership nor been held to strict accountability for the proper performance of their duties.

Mr. Holloman interviewed him on 9-24-58 in connection with admin-

istrative advancement. Mr. Holloman believed he could adequately serve as an SAC and believed he had potentialities for further development. It was therefore recommended that he be considered for administrative advancement in the Bureau and Mr. Tolson, Mr. Mohr, Mr. Tavel, and Mr. Clayton concurred.

It is noted that during the above interview Mr. Evans stated he thought one of the biggest problems is the fact that the Bureau is so large that the "family touch" is being lost. He stated the Bureau has gotten so large it is not possible for the Director's drive, vigor, and enthusiasm to permeate out to all of the employees and the Director has to rely upon his subordinate executives to keep these qualities throughout the ranks of the Bureau. He thought some times the subordinate executives had not been able to do this as adequately as it should be done. The Director noted "With this I agree. H."

Mr. Holloman commented that he made a very good personal appearance and had a forceful, aggressive personality. He was definitely above average in intelligence and was one of the more interested, sincere and enthusiastic Bureau representatives. He is definitely interested in administrative advancement and would like to advance as far as possible in the Bureau. His ambition is some day to be considered qualified to serve as an Assistant Director. He is completely available for any assignment and there are no restrictions whatsoever on his availability.

On his January, 1958, Personnel Status Form, he listed Seat of Government as his office of preference.

His daily average overtime for March, 1958, was 3 hours 39 minutes; April, 3 hours 16 minutes; May, 3 hours 10 minutes; June, 3 hours 17 minutes; July, 4 hours 4 minutes; and August, 4 hours 22 minutes.

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving of special commendation).
E Excellent.
✓ Satisfactory (good or very good).
- Unsatisfactory.
0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.

Dear Mr. Evans:

On the afternoon of December 12, 1958, you received a communication from the Baltimore Division reflecting certain individuals contemplated entering the home of [REDACTED] in Washington, D. C., in order to rob him and possibly kidnap him, but you did not make a prompt inquiry into the handling of this matter, and you did not discover the faulty analysis and evaluation that had been made concerning the situation. In this instance you did not function effectively, and you share in the responsibility for the failure to afford this case the vigorous investigative attention it deserved.

Hereafter, I desire you to demonstrate a more alert and discerning regard for the Bureau's interests so that there will be no further occasion to call a delinquency of this type to your attention.

It has been found that his judgment and initiative in taking the appropriate action on his own has also been displayed in his planning ability and his application to the work which is being performed with accuracy and attention to pertinent detail. This has brought about a productivity through industry and consistent application to duty manifested by his knowledge of his duties and its application to the functions which he performs.

Mr. Evans has completed over eighteen years of Bureau service and possesses the ability to perform his functions as a Number One Man in the Investigative Division in charge of specific responsibilities, and in his capacity as Number One Man he acts in my absence.

The finished products emanating from his units must be accurate in every detail. The material supervised under his control must be subject to sound decision and requires a comprehensive understanding of the over-all functions of the Bureau as well as the specific functions of the Investigative Division in relation to the matters handled as to personnel and administration, which, of course, requires personal attributes to accomplish the necessary objectives. In the light of all of these factors this employee is justified in receiving an Outstanding Performance Rating.

INSPECTORS - OUTSTANDING ANNUAL PERFORMANCE RATINGS

There are attached for approval by the Director annual performance ratings for Inspectors John F. Malone, Ivan W. Conrad, Nicholas P. Callahan and Courtney A. Evans covering the period from April 1, 1953, through March 31, 1959, rating their services as Outstanding. Mr. Parsons signed the rating for Inspector Conrad, Mr. Tamm for Inspector Malone, Mr. Rosen for Inspector Evans and I for Inspector Callahan as rating officials. Information appearing on these reports appears to justify the Outstanding ratings.

Should you approve, it is suggested that these ratings be signed by you as the reviewing official and it is respectfully suggested that thereafter the Director sign them on the line commencing "Rating Approved by:" as the approving official. The original and copy of each rating should be signed. Thereafter these ratings must be submitted to the Department for approval by the Efficiency Awards Committee. Upon approval, they will then be returned to the Bureau and in accordance with the performance rating plan, copies will be directed to these men for their retention. They will also be entitled to cash incentive awards under the provisions of the incentive awards plan. Awards of \$400 each have been approved for recipients of Outstanding ratings in similar positions in the past and it therefore appears that awards of this amount would be appropriate this year. Should you agree, the necessary checks will be drawn and letters prepared for the Director's signature following the return of the ratings from the Department.

RECOMMENDATION:

1. It is recommended that the attached Outstanding performance ratings be approved and that the Director sign the original and copy of each rating and upon approval by the Department, each Inspector be approved for an incentive award of \$400.

2. It is recommended that attached memorandum go forward to Deputy Attorney General Walsh transmitting the Outstanding ratings for final approval by the Efficiency Awards Committee.

INSPECTOR H. L. EDWARDS: *thw* On 2/4/59 I interviewed Mr. Evans to discuss with him some of the general findings of the inspection and a number of problems relative to the portion of the Division supervised by him as well as the whole division. Mr. Evans had no problems; his attitude during the interview was one of interest; and he evidenced a desire to implement the action indicated by the inspection.

I particularly emphasized the Civil Rights responsibilities which are in the Criminal Section under Mr. Evans. I had previously discussed this in considerable detail with Mr. Evans. I think he fully understands the challenges in this work and will do his best to meet them.

I discussed contacts. Mr. Evans indicated he had not previously had a complete understanding of what the Director desired in the way of contacts. I explained this fully to him and he now fully realizes what is expected. He has been doing some of the type of contact work which the Director desires. It has been successful as far as it went. He stated that now that he realizes the complete picture, he feels there is much more he can do and he certainly will try.

I discussed some of the public relations problems in the Bureau, particularly as they might be aided through the work of the Investigative Division.

I mentioned to Mr. Evans the general indications observed during the inspection of a need for more intensified indoctrination and orientation of the Agents at desk levels so that they would acquire a broader perspective of the Bureau and the manner in which their responsibilities might help in solving some of the bigger problems of the Bureau.

Mr. Evans had no problems. I feel he is functioning very effectively in his present assignment and is definitely an asset to the Division.

PURPOSE

This memorandum is submitted with reference to the Director's inquiry as to

- (1) why the Bureau did not participate with the police in this matter when the situation came to a head, and
- (2) to recommend administrative action for failure of Washington Field Office to have participated in this matter.

FACTS IN THIS CASE*Courtney A. Evans*

A potential criminal informant of the Baltimore Office [REDACTED] advised on 12/12/58 that four individuals contemplated entering the home of [REDACTED] N. E., Washington, D. C., in order to rob him of a sum of money. While the initial plans were not definite as to the time of this crime, it was indicated that [REDACTED] might be taken to the office of his construction company in Prince Georges County, Maryland, and that the robbery would take place at that location.

b6
 b7C
 b7D

The initial information furnished by the Baltimore informant was given to the Washington Field Office telephonically at about 4:00 p.m. on December 12, 1958. Almost immediately, at 4:15 p.m., Washington Field advised the Metropolitan Police Department of the proposed robbery. Subsequent information received from the informant that the crime was planned for the evening of 12/12/58 was received by the Washington Field Office and forwarded to police at 4:50 p.m.

Further information was furnished the Washington Field Office by Baltimore at 5:15 p.m., indicating that the robbery was to occur between 7:00 and 7:30 p.m. This was also furnished to the Metropolitan Police Department

Memorandum to The Director
Re: ATTEMPTED ROBBERY OF [REDACTED]

b6
b7C

EXPLANATION OF SAC BOARDMAN, WASHINGTON FIELD OFFICE

SAC Boardman has advised that the information received from the informant was immediately disseminated to the Metropolitan Police Department because it was believed the Bureau had no jurisdiction in this matter. His conclusion was predicated upon the fact that the informant would not testify; consequently, there was no evidence of a conspiracy and he could not, of course, permit the subjects to actually kidnap the victim and transport him across the state line without taking action.

Assistant SAC McAndrews of the Washington Field Office has advised that he instructed that the above-noted action be taken and that these instructions were concurred in by SAC Boardman.

NOTIFICATION TO THE BUREAU

The first information received by the Bureau concerning this matter occurred after the Washington Field Office had turned matter over to police. It was then that they telephonically advised Section Chief William B. Welte at 4:55 p.m. that the robbery had been planned for that night. Washington Field made reference to a teletype from the Baltimore Office which confirmed the initial information from the informant that had been telephonically furnished the Washington Field Office earlier that afternoon. This teletype was actually received in the Investigative Division at 4:58 p.m.

In the telephone call from the Washington Field Office, advice was received that this matter had already been referred to the Metropolitan Police Department on the basis that the Bureau did not have jurisdiction in this matter. Mr. Welte concurred in the action that had already been taken by the field office.

OBSERVATIONS

Although SAC Boardman states there was not sufficient evidence of a contemplated kidnaping to warrant prosecution, it is felt there was nevertheless ample information available to have justified action by the Washington Field Office. According to the informant's information, it was indicated that a kidnaping might occur. This imposed a responsibility on the Washington Field Office to follow through on this information to secure further details and not to just release the matter to the police department.

If the police had not taken action to put officers in the [REDACTED] home (and they might well not have done so predicated on initial nebulous information) and the kidnaping had taken place, the Bureau would have been subjected to a great deal of criticism. The Washington Field Office should have conducted further investigation in an effort to establish additional facts and to have directly participated in local police action until such time as it was definitely established that this did not involve a matter within the Bureau's jurisdiction.

RECOMMENDATIONS

(1) The initial action taken by the Washington Field Office in merely referring this matter to the police department and not aggressively handling this matter, following through and actually participating, was the result of improper evaluation and poor judgment. The action of the Washington Field Office in this connection was at the direction of ASAC McAndrews, which was concurred in by SAC Boardman. It is recommended that both be censured.

✓ Thomas J. McAnd.

(2) While the initial notification to the Bureau in this matter was fragmentary in nature and action had already been taken at the Washington Field Office to refer the matter to the police department, there was nevertheless an opportunity to counteract the action which had been taken by the Washington Field Office. The telephone call from the Washington Field Office advising of the action taken at that office was received by Section Chief William B. Welte and it was therefore, recommended that he receive a letter of censure.

(3) The initial teletype from the Baltimore Office was received in the Investigative Division at 4:58 p.m. and was handled by Number One Man Courtney A. Evans. He was, therefore, on notice this case was in existence although he had no details indicating perpetration of the crime was imminent. For his failure to make an inquiry concerning this matter, it is recommended that he be censured. It is noted that Evans also has responsibility for the over-all operation of the Criminal Section. No other personnel of the Bureau was aware of the facts in this matter at a time which would have permitted action to be taken to counteract the improper decision made by the Washington Field Office.

Dear Mr. Hoover:

When I spoke with you this morning, your letter of May 4, 1959, wherein you advised of my outstanding performance rating for the past year, had not reached me. Had I known of this then, I would certainly have thanked you personally for this great expression of confidence. This, therefore, is the purpose of my writing you this note.

As the performance rating notes, my entire career since graduating from law school has been in the FBI. Any exceptional capabilities I may have can thus be only a reflection of the training and experience afforded me by the Bureau and the inspiration arising from your truly great leadership and direction.

Thank you again.

SUGGESTION: In response to SAC Letter 59-43 (C) which requested ideas to strengthen the Bureau's records management program, it was suggested that consideration be given to discontinuing the maintenance and filing of newspaper clippings pertaining to the Crimdel program.

PRESENT PROCEDURE: Indianapolis Office has 27 or 28 volumes of files containing newspaper clippings which have served as basis for Crimdel airtels to the Bureau. Other Bureau offices follow similar procedure. These clippings are retained in support of items sent to the Bureau in the event it becomes necessary to check back on a particular item.

ADVANTAGES STATED: Adoption would eliminate material which now occupies considerable space and also requires much clerical work to maintain it.

OBSERVATIONS: SAC, Indianapolis, recommends adoption and proposes that identity of newspaper source be set out at end of each paragraph in Crimdel airtel so that original source could be located if necessary. Records Branch feels the suggestion has merit from a records management standpoint.

Central Research Section, Domestic Intelligence Division, recommends adoption if the original source is available and points out that field has never been instructed to keep these newspaper clippings. If the need arises, the field probably could check the original source by going to the newspaper morgue, local library or other source. Occasionally it might be desirable for an office to retain a particular clipping which could be done. Training and Inspection Division agrees that it should be unnecessary, except in unusual instances, for the field to retain these newspaper clippings where the original source is available if needed. Manual of Rules and Regulations contains a brief list of items which are to be destroyed when they have served the purpose for which prepared. (Part II, Section 3D, 8m, page 15) We can add these newspaper clippings to that list and accomplish the desired results. The field should be advised of this and of the need to list the source of each item (where from a newspaper) on the Crimdel airtel to the Bureau.

Mr. Evans has advised me of your call this morning wherein you noted that in a memorandum dated December 7, 1959, reflecting the date of a surveillance conducted by Special Agents of the Chicago Division, the date is incorrectly set forth as May 13, 1959, whereas the surveillance actually occurred on May 13, 1957.

I have received explanations from Mr. Evans and Supervisor [REDACTED] who prepared the memorandum. They have advised that they deeply regret that this error was not detected before the memorandum was forwarded to you. I also wish to point out that the memorandum was initialed by me and this error should have been detected before the memorandum was forwarded. I wish to assure you that we will make every effort to avoid similar situations such as this.

Mr. Evans states that he has advised Mr. Malone in Mr. Parsons' absence of your concern, and memoranda are being prepared for Mr. Parsons and Mr. Dalbey, who also initialed the memorandum.

It is just such carelessness in a most important case which gives me great concern. Here [REDACTED] Evans & Rosen all cleared on obvious error.

INSPECTOR COURTNEY A. EVANS

Mr. Evans is the Number One Man in charge of the Criminal Section and the Accounting and Fraud Section in the Investigative Division. He has been in this position since July 21, 1958, and has handled the responsibilities involved in an outstanding manner.

His personal appearance and personality are both effective as indicated in his personal contacts.

His physical condition is good, enabling him to carry out his functions with resourcefulness and ingenuity, and when required with forcefulness and aggressiveness. He is loyal, dependable, cooperative and enthusiastic, as well as amenable and willing to equitably share the workload.

His judgment and initiative in taking appropriate action on his own has been illustrated in his planning ability and his application to the work, which he performs with accuracy and attention to pertinent detail. This has brought about a productivity through industry and consistent application to duty manifested by his knowledge of his duties and its application to the functions which he performs.

Mr. Evans has the ability to perform his functions as a Number One Man in the Investigative Division in charge of specific responsibilities and he acts in my absence. He has completed over nineteen years in the Bureau.

The matters emanating from his sections must be accurate in every detail. The material supervised under him must be subject to sound decision and requires a comprehensive understanding of the over-all functions of the Bureau as well as the specific functions of the Investigative Division in relation to the matters handled as to personnel and administration, which, of course requires personal attributes to accomplish the necessary objectives.

In view of all of these factors Mr. Evans is justified in receiving an Outstanding Performance Rating.

Attached are two copies of an Outstanding annual performance rating covering services of Inspector Courtney A. Evans for the period of 4-1-59 to 3-31-60. This rating appears justified. Inspector Evans has not been censured during the rating period, his weight is within the desirable limits and his overtime has been above the Division average for the 12-month rating period

Under the Incentive Awards Plan Inspector Evans will be entitled to an incentive award in the amount of \$400 which it is felt is an appropriate award for a Grade GS-16.

RECOMMENDATION:

That the Outstanding rating and \$400 award be approved. It is suggested that the Director sign both copies of the rating as Approving Official.

MEMORANDUM FOR MR. TOLSON

On May 9, 1960, I saw Inspector Courtney A. Evans, who was recently reallocated to Grade GS-17 as Number One Man of the Criminal, Accounting and Fraud Sections of the Investigative Division. Mr. Evans wanted to thank me for his promotion and assure me he would do everything in his power to measure up to the responsibilities of the position.

I told Mr. Evans that as he, of course, could realize, the Investigative Division was facing a real challenge in view of the recent passage of the new Civil Rights legislation; the additional work which the Bureau has received under the new Labor legislation; and the threats that have been made by people relative to bombs being on planes of commercial airlines. I stated that these projects required almost so-called "crash" attention in that we could not delay in getting to some of these matters as time was always of the essence.

I was very favorably impressed with Mr. Evans' manner, interest, and enthusiasm.

Very truly yours,

John Edgar Hoover

This is to recommend that incentive awards be given to the individuals set forth below in connection with their work in the captioned case. These individuals were designated by SAC Hostetter while he was at the Bureau in July, 1960, as the individuals who contributed the outstanding work in connection with this investigation. SAC Hostetter on 11/4/60 restated his views. b6 b7C

Memorandum C. R. Davidson to Mr. Callahan, 11/9/60, recommended that at such time as the investigation was brought to a logical conclusion the performances of the individuals involved, including the SOG Supervisor, be re-evaluated by the Investigative Division with the assistance of SAC Hostetter with a view of recommending the most deserving for special recognition in the form of incentive awards. Courtney A. Evans

SAC Hostetter in July, 1960, and on 11/4/60 advised that he considered the following as the individuals who contributed outstanding work in connection with this case:

SA (Portland Office) was responsible for the Royalite typewriter project which was instituted to endeavor to tie into the typewriter used for the ransom note. It was necessary to wade through countless records and interview numerous people; however, through sheer determination, a salesgirl was located who tentatively identified as purchasing the Royalite typewriter from her. b6 b7C

SA GLENN H. BETHEL (Denver Office) The Sheriff was a problem in this case as he was trying to run with the ball. SA Bethel in the face of the Sheriff's attitude established excellent liaison with the Undersheriff and Captain of Detectives, materially aiding our investigation in that we promptly obtained all information received at the Sheriff's Office of value in connection with this case. Bethel handled the evidence at the scene and was utilized on several projects resulting in as a suspect. b6 b7C

SA CHARLES G. CAMPBELL (San Francisco Office) and SA (Albuquerque Office) were project leaders in the search for the victim in the mountainous area of Colorado. The search was extremely difficult in view of the

mountainous, rugged terrain abounding in mine shafts, pits, and numerous caves 100 to 200 feet deep filled with water.

SA PAUL E. CASEY (Minneapolis Office) and SA [redacted] (Salt Lake City) conducted most of the preliminary investigation which resulted in the identification of [redacted] as a prime suspect. Most of the interviews were conducted at the Benjamin Moore Paint Company and [redacted] apartment house.

SA [redacted] (Salt Lake City) handled much of the project-type and lead-type investigation in connection with suspect [redacted]. He made several worth-while suggestions which contributed to the over-all picture of the development of [redacted].

b6
b7C

SAC MAYNOR (Butte) served as Number One Man of the special squad and on him fell the enormous burden of handling the paper work and many of the administrative details. Maynor has been described as the hub around which the special squad operated.

SA [redacted] (Denver) Both the [redacted] case and the [redacted] fugitive case were assigned to SA [redacted]. He not only collected much of the background data necessary for some of the major projects but, in addition, thoroughly aided and handled much of the administrative operation of the special squad. He had original supervision and responsibility for the work of all of the auxiliary offices relative to the fugitive case. Upon the departure of SA Pranke he prepared and maintained all lead cards not only those assigned to Agents on the special but likewise all leads assigned to auxiliary offices.

SA RICHARD N. PRANKE (Minneapolis) was of tremendous assistance to the SAC as he prepared and maintained all lead cards, followed the leads with the Agents on the squad, as well as auxiliary offices, maintained liaison with the Chief Clerk to insure appropriate sub-files and reference cards were prepared. His assignment involved the reading of most of the incoming and outgoing communications and as a result of his retentive memory and past experience he was able to make numerous worthwhile suggestions.

SA [redacted] (Butte) was responsible for a number of projects which were investigated, many of which pinpointed activities of [redacted]. He also handled some of the key interviews. SAC Hostetter has classified his work as outstanding, stating SA [redacted] demonstrated himself as one of the most capable investigators in the Bureau's service.

Memorandum to Mr. Parsons

Re:

SA (San Francisco) was assigned as the report writer. It was his job to coordinate all the material and arrange it in a clear concise readable report. SAC Hostetter said SA handling of the report writing was outstanding and the reports were literally hundreds of pages in length.

SA DOUGLAS J. WILLIAMS (Denver) served as the equipment officer and as such it was necessary for him to secure all equipment necessary and in fact to anticipate some of our needs. As he had prior experience in the mining area at Butte he was able to organize and direct the search in the mountainous area of Colorado looking for the body of the victim Adolph Coors. It was Williams who on September 11, 1960, received the original information leading to the location of the victim's body. He set up the machinery to enable us to conduct the search and handle the details at the scene.

In addition, it is to be noted that Seat of Government Supervisor J. Robert Boger also performed outstanding work in connection with this matter. This Agent supervised both the Kidnaping case and the Fugitive case from their inception. It was his responsibility to make available on a minute's notice to Bureau officials any necessary material. He was responsible for the enormous dissemination of Wanted Flyers, Identification Orders, and write-ups on subject . In addition, he made innumerable suggestions for investigation. He had the primary responsibility for supervision of this case at the Seat of Government and coordinating the activities between the field offices.

Dear Mr. Hoover:

Acknowledging your letter of February 10, 1961, is the most pleasant thing in my Bureau career. Your earlier advice in our conversation last Friday that you were designating me as an Assistant Director of the FBI came as such a surprise that I am certain I did not fully express my gratitude to you at that time. This is a most honored position, representing as it does a close association with the Directorship of the FBI, for your efforts and talents over the years have made a unique and foremost ideal of true public service of the highest order.

Two decades of striving make the goal the more rewarding. As you have often emphasized, results represent the basic and only valid test of success. It is with this thought that I begin anew to further the cause of the Bureau and law enforcement generally which you have advanced to such pre-eminence in American and, in fact, world history.

I can only say thank you for the expression of confidence which this appointment represents. As a vital part of this new assignment, it would be most appreciated if I might have a new autographed photograph of you dated February 10, 1961.

Sincerely,

I would like to recommend that the present Investigative Division be divided into two divisions, with one-half under Mr. Rosen and one-half under Mr. Evans. Mr. Rosen would be in charge of the General Investigative Division with 61 agents and 87 clerks. Mr. Evans would be in charge of the Special Investigative Division with 56 agents and 104 clerks. Mr. Rosen would have four sections, including the Criminal, Civil Rights, Name Check and Accounting and Fraud Sections. Mr. Evans would have three sections, including the Fugitive Section, Employees Security and Special Inquiry. It is to be noted that these are the same sections Mr. Evans is responsible for as #1 Man of the present division. The fugitive Section handles top hoodlum and racketeer matters.

The Name Check Section is presently under Mr. Belmont. However, this section was formerly under Mr. Rosen and it has no direct connection with work in the Domestic Intelligence Division. By transferring this section the Domestic Intelligence Division will lose only 9 agents and 29 clerks, leaving that division with a complement of 117 agents and 141 clerks.

Attached is a complete breakdown showing the responsibilities of each of the proposed new divisions.

RECOMMENDATION:

Mr. J. Edgar Hoover, Director
Federal Bureau of Investigation
U. S. Department of Justice
Washington 25, D. C.

Dear Mr. Hoover:

It has just come to my attention that Courtney Evans has been designated an Assistant Director.

It was my good fortune to have worked closely with Courtney in the Criminal Division for several years. In addition, while in Washington, I knew him and his family on a close personal and social basis.

Throughout his many years of conscientious and diligent service in the Bureau he has maintained an enviable official record. Along with his true loyalty and devotion to duty as a supervisor, he has always conducted himself in such a manner as to gain and hold the friendship, good will and official respect of superiors, subordinates and associates alike. In addition to his diversified capabilities, he is one of the finest gentlemen that I have ever had the pleasure of knowing.

These brief remarks, no doubt, express the feelings of many thousands of present and former Special Agents of the Bureau. I am sure they too would join me in expressing what a personal pleasure it was to learn that, as a special recognition of Courtney's growth in stature, you have done him the honor of designating him an Assistant Director.

**COURTNEY A. EVANS
ASSISTANT DIRECTOR
SPECIAL INVESTIGATIVE DIVISION
ENTERED ON DUTY DECEMBER 9, 1940**

Mr. Evans received rating of Outstanding on his 1960 annual performance report. During approximately the first ten months of this rating period Mr. Evans served as Number One Man to the Assistant Director of the Investigative Division. On February 10, 1961, he was designated Assistant Director in charge of the Special Investigative Division. He has discharged all of his responsibilities in a superior manner and is certainly deserving of the rating of Outstanding for the annual rating period from April 1, 1960, to March 31, 1961.

Since entering on duty on December 9, 1940, Mr. Evans has rapidly progressed through the ranks until today he occupies one of the most responsible positions in the Bureau. His progress has been due largely to his outstanding ability, energy and devotion to duty. He is an aggressive, tireless worker who possesses superior leadership qualities and sets an inspiring example for his associates. His affable personality, unusual drive and enthusiasm and keen intellect have contributed greatly to the superb liaison which he has maintained with highly placed officials in the Government and private industry. His judgment has been unerring and he is gifted with common sense and superb reasoning power which enable him to quickly define objectives and arrive at proper conclusions. He possesses an uncanny knack for making sound, spot decisions which is most essential in his position.

Mr. Evans has performed in a superior manner on numerous occasions as the Bureau's representative at conferences, meetings and private and public affairs where the Bureau has a direct interest. His outstanding performance is attributable to a combination of many years of diversified experience in the Bureau; his unusual personal qualifications of perception, judgment and keen understanding and his great interest in public service and the work of the Federal Bureau of Investigation. He possesses all of the necessary attributes expected of an outstanding Government executive.

The acuteness of the international situation, new legislation and additional programs of the executive branch have greatly increased the Bureau's investigative activities in both the security and the criminal fields. Mr. Evans has made major contributions to the continued success the Bureau has realized in the criminal intelligence field and in solving major crimes such as the Kidnaping cases involving [redacted];
[redacted]

b6
b7c

Mr. Evans has performed every aspect of his work in a splendid manner and played a vital role in the continued efficient discharge of the Bureau's ever-increasing responsibilities. His services have been invaluable and as a result of the superior manner in which he has carried out his responsibilities he has without doubt earned for himself an Outstanding performance rating.

OUTSTANDING ANNUAL PERFORMANCE RATINGS

There are attached for approval annual ratings for Messrs. DeLoach, Belmont and Evans, covering the period from April 1, 1960, through March 31, 1961, rating their services as Outstanding. I have signed the rating of Mr. DeLoach as the rating official and Mr. Parsons has signed the ratings of Messrs. Belmont and Evans as the rating official.

In the event you approve these ratings, I respectfully request that you sign both the original and copy of each of them as the Reviewing Official and the Director sign both the original and copy of each of them as the Approving Official. Thereafter they must be submitted to Deputy Attorney General Byron R. White in the Department for approval by the Efficiency Awards Committee. Upon approval of these ratings by the Efficiency Awards Committee, they will be returned to the Bureau and Messrs. DeLoach, Belmont and Evans will be furnished copies of their ratings. They will also be entitled to cash incentive awards, under the provisions of the Incentive Awards Plan. You recall that you have authorization under delegation from the Attorney General to approve such awards up to \$500, which is the customary amount that has been approved for Assistant Directors and above. For officials below the level of Assistant Director, who are in grade GS-16 or above, it has been customary to approve awards of \$400. For those below grade GS-16, awards of \$300 have been approved.

Should you agree with the foregoing, these ratings will be forwarded to the Department for approval at such time as the Outstanding ratings on the Special Agents in Charge have been prepared and approved in the Bureau. When these ratings have been approved by the Department, necessary checks will be drawn and letters prepared for your signature.

Your letter of April 20 contained the welcome news of an outstanding performance rating for the past year. Such an award is the more notable because it must be evaluated in light of the continuing high standards you have insisted mark the daily record of the FBI.

To be permitted to be a part of your directorship of the Bureau is itself an honor and to have one's contribution to that unparalleled record be well regarded represents an achievement almost beyond hope.

My personal appreciation is heartfelt and sincere.

SUBJECT: VOLUNTARY WORK OVER HOLIDAY WEEK END
 Employees Security and Special Inquiry Section
 SPECIAL INVESTIGATIVE DIVISION

EVANS, COUNTRCY A.

On Thursday, June 29, 1961, all supervisors in this Section were advised that a large number of cases were coming due for the White House on June 29 and 30. As a result they were told it would be necessary to spread these cases out among all personnel of the Section, including those who are not assigned to Special Inquiry matters. They were further advised that it would not be possible to wait until after the holiday week end before commencing work on these cases. At the same time, stenographers and key clerical personnel were advised that volunteers would be needed to work during the holiday week end to get these cases moving.

There is set forth below a list of stenographers and other clerical employees who worked a total of 106 hours and 12 minutes over the week end. Those designated with an asterisk worked on both Saturday and Sunday.

b6

There is also set forth below a list of supervisors who worked a total of 114 hours and 19 minutes overtime over the week end.

ACTION:

If approved, this memorandum should be forwarded to the Administrative Division for the preparation of an appropriate letter to you as Assistant Director of this Division commending the employees set forth above for their fine attitude in working during a holiday week end. SUBJECT: DEPARTMENTAL APPLICANT UNIT
 Employees Security and Special Inquiry Section
 SPECIAL INVESTIGATIVE DIVISION

The purpose of this memorandum is to advise you of the fine work being done by the following five supervisors of the Departmental Applicant Unit: Frank M. Fawcett, [redacted] and Charles R. McKinnon!

b6
 b7C

The Deputy Attorney General's office has since July requested a large number of investigations in connection with appointments for U. S. Circuit Court Judges, U. S. District Judges, U. S. Attorneys and U. S. Marshals. The Department has been under considerable pressure to fill vacancies and they have been subjected to some criticism in the press for their failure to act faster, particularly with regard to filling judgeship vacancies both those presently existing and those created by the new law allowing 73 more U. S. Judges. Up to the present time we have received almost 100 requests for investigations in connection with judgeship vacancies alone. In many instances, it has been necessary to place extremely short deadlines on these cases, but despite this the above supervisors have not been stampeded but instead have insisted upon good thorough investigations.

REC-140

67-163462-254

With the adjournment of Congress imminent, the pressure on judgeship cases has grown even greater and there is a scramble on the part of the Department to get as many positions confirmed by the Senate as possible before adjournment. As an example, the Deputy Attorney General's office telephonically requested investigations on eight judgeship vacancies Friday afternoon, September 15, 1961. On the same evening they requested a ninth investigation and on Saturday morning, September 16, 1961, they requested a tenth investigation. In connection with all ten cases, they expressed the hope that they would have our completed investigations in sufficient time to get these positions confirmed by the Senate during this present week of September 18, 1961. This resulted in three of the supervisors, namely Fawcett, [redacted] and [redacted], working on Saturday and Sunday to handle these special requests. These three supervisors have averaged almost six hours a day overtime recently.

Dear Mr. Evans:

I was greatly impressed with the spontaneous and enthusiastic support given by Bureau personnel to the 1961 United Givers Fund campaign which formally began on October 2, 1961. As of October 5, 1961, we were over our quota with 101 per cent. In fact, we are now over 102 per cent and the pledges are still coming in. I was highly pleased upon learning that each division, as well as the Executive Offices and Washington Field Office, exceeded its quota. This, in my opinion, reflects most favorably upon the tremendous concern for others among my associates in the Bureau.

I want to take this opportunity to congratulate you and, through you, the members of your working committee, the Keymen and all of the individuals for their wonderful generosity and enthusiastic support of this worthy cause.

Sincerely yours,

PERSONAL ATTENTION

Mr. Courtney A. Evans
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Evans:

I have reviewed the results of the recent inspection of the Special Investigative Division, and, based upon the Inspector's findings, the various operations are rated as follows: physical condition and maintenance - good; investigative operations, administrative operations, personnel matters, and contacts and liaison - very good.

The space occupied was found to be generally clean and maintained in an orderly manner, however, it is very crowded and lacks contiguity. With the move of the Domestic Intelligence Division to 1730 K Street, Northwest, space problems of the Special Investigative Division will be alleviated.

The units of your division occupying space in the Old Post Office Building are using obsolete and surplus equipment. Follow this matter closely so that the obsolete furnishings will be replaced with the new equipment which you have ordered as soon as possible.

I was pleased to note that the work load was adequate and equitably distributed among the supervisors assigned to your division.

I was particularly gratified with the increase in fugitives apprehended for the first eleven months of the fiscal year 1961, as well as with the increase in criminal informants. However, your Selective

Mr. Courtney A. Evans

Service fugitive apprehensions and potential criminal informants showed decreases for the first eleven months of the fiscal year 1961. It is of paramount importance that your statistical accomplishments be increased in all categories as this is one of the most important phases of the Bureau's operations and one of the principal standards by which the Bureau is judged. The Criminal Informant Program is a very important part of the Bureau's work. You must assure that the field continues to discharge its obligation in improving the quantity and quality of informant coverage.

The results attained in the six months ending May 31, 1961, attest to the success experienced by the Criminal Intelligence Program. Valuable information was developed and furnished to local and state police departments and other Federal agencies in numerous cases.

Your division has been processing a large volume of highly expedite Special Inquiry cases requiring the preparation and submission to interested agencies of summaries of investigations. In March, 1961, the average number of days required to complete a case in this category was 31.22 days. You had reduced the average number of days to complete an investigation to 20.32 days in May, 1961. This is a desirable trend. As the Inspector instructed, you should make every effort to process these investigations through the section level within the Bureau's mail handling deadline.

It was noted that your division rotates certain odd-hour shift assignments with the General Investigative Division since these shifts cover the work of both divisions. As instructed by the Inspector, you should advise the Administrative Division of this situation by memorandum in order that Bureau records will be current in this regard.

The consolidation of the United Nations Unit with the Case Review Unit should be effected without delay, and you should continue to review the administration of your division for similar opportunities to streamline your operations.

Although stenographic production in your division equals the over-all Bureau production, it was noted that the production of typists was below the Bureau average. While this condition can be attributed in some measure to the fact that most of your typists are relatively new employees, and therefore inexperienced, you should follow the Inspector's

Mr. Courtney A. Evans

instructions and insure that the typists receive appropriate training to raise their production to Bureau standards.

Your Defense Plans failed to contain any provision for an air raid warden or for fixing responsibility for evacuation and safeguarding of records in the Old Post Office Building in the event of an emergency. Tighter administrative procedures should be effected to preclude a recurrence of such deficiencies.

I was pleased to observe that you have an effective divisional Streamlining Committee which is functioning satisfactorily. Enthusiastic participation by personnel at all levels is absolutely necessary in the Bureau's Suggestion Program and this matter should continue to receive your attention.

Long-distance telephone calls made by your division showed an undesirable increase from 44 in March, 1961, to 81 in May, 1961. Every effort should be made to reverse this trend and to keep such calls at a minimum, consistent with your investigative responsibilities.

Morale among your personnel is considered high.

The present personnel assigned to your division was found to be adequate but not excessive. The Inspector observed that due to additional investigative responsibilities there have been substantial increases in the work load and personnel in your division. If this condition continues, you should give consideration to setting up an additional section to insure continued close supervision in applicant and Top Hoodlum cases.

Voluntary overtime was observed to be unscheduled and productive and the work load equitably shared. You should closely follow this matter to insure equal distribution of the work load on a continuing basis.

I am pleased to note that liaison on the part of the Special Investigative Division is of a high level and very effective. You should, however, stress the desirability of expanding the contact program on a supervisory level.

Mr. Courtney A. Evans

The findings of the Inspector have been called to your attention during the course of the inspection. You should carefully study the inspection report and summary memorandum concerning the work papers which were left with you. After careful review with your supervisory staff, you should advise the Training and Inspection Division promptly, and in detail, the action taken by you to correct the deficiencies detected during the course of the inspection.

Sincerely yours,

John Edgar Hoover

Dear Mr. Evans:

It is a pleasure to commend, through you, the supervisors of the Special Investigative Division who assisted in the direction of the investigation of the Interstate Transportation in Aid of Racketeering-Gambling case involving [redacted] and others.

These men demonstrated excellent ability, thoroughness and devotion to duty in discharging their responsibilities with the result that they contributed materially to the success achieved. I am aware that this was a difficult case with many ramifications and I was very impressed with the effective manner in which it was handled in your division. I want you to express my appreciation to all for a job well done.

Sincerely yours,

J. Edgar Hoover

The attached memorandum set forth dates on which Assistant Directors did not appear before In-Service Classes during the past 3 weeks. Mr. Tolson instructed that explanations be obtained as to why the Assistant Directors did not appear and the Director approved.

Set forth below is the explanation submitted by each Assistant Director with the dates on which he did not appear before the In-Service Classes:

MR. CALLAHAN, 10/16, 10/20, 11/2 and 11/3/61:

My failure to appear on the dates indicated is attributable to the need to afford my personal attention to official matters which I considered at the time to be of a more pressing nature. The seminar is conducted normally by me and representatives of this division consisting primarily of the Personnel Officer and the Section Chief of the Voucher-Statistical Section. The majority of the matters generally raised by the class concern travel and expense account problems.

MR. CONRAD, 10/20/61:

I am regularly scheduled for Laboratory Policy Seminar for all In-Service and New Agents' Classes and I handle this assignment personally when present. It is noted that on October 20, I was suffering from a very severe cold which, during the course of the day, developed into frequent coughing and almost complete loss of voice through hoarseness. Accordingly, being unable, because of this illness to appear before the class, I designated Laboratory Division Number One Man, Dr. Briggs J. White, to handle the Policy Seminar on that date.

MR. DeLOACH, 10/27/61:

The Director had approved my attending the National Executive Committee meetings of The American Legion in Indianapolis, Indiana, on the first three days of the week, October 23, 24 and 25, 1961. As a result, I had considerable

work on my desk of an expedite nature which was absolutely necessary to handle without delay. My overtime for that particular week will attest to this fact. Furthermore, I had three appointments that particular morning in connection with people who were here from out of town to prepare articles for the FBI. Consequently, Inspector Kemper was assigned to handle the In-Service that particular morning. I try to lecture before all In-Services where it is humanly possible.

MR. EVANS, 10/27, 10/31 and 11/2/61:

I make it a practice to appear before In-Service and New Agents training classes personally whenever possible. With reference to my nonappearance on October 27 and 31 and November 2, I was in the Department at the times of these In-Service lectures meetings with the Executive Assistant to the Attorney General relative to "communist doctrine, tactics, strategy and objectives, instructions for high school and college students"; with Deputy Attorney General White as to cooperation in law enforcement and with Assistant Attorney General Miller concerning a personnel matter involving former Special Agent .

b6
b7c

MR. ROSEN, 10/31 and 11/2/61:

With reference to not having appeared before In-Service Class on 10/31 and 11/2, I have checked and found that I was in the office. I am unable at this time to recall the reason for not attending. I will endeavor to make every effort to attend these scheduled lectures, which have been previously covered by me in the absence of the pressure of other matters.

MR. SULLIVAN, 10/23/61:

(Explanation furnished by Inspector Joseph A. Sizoo for Mr. Sullivan who is at Albuquerque on a speaking engagement.)

Mr. Sullivan had an appointment on 10/23/61 with Colonel Kintner of the Foreign Research Institute, University of Pennsylvania. The appointment had been made a week before and Mr. Sullivan was to meet Colonel Kintner at the Statler Hotel the morning of 10/23/61. Attempts were made to contact Colonel Kintner at the Statler but he had gone to the Treasury Department for appointments with Treasury officials. It was then necessary for Mr. Sullivan to proceed to the Statler and keep the appointment with Colonel Kintner. Inspector Sizoo substituted for him in handling the In-Service lecture.

Memo to Mr. Mohr
Re: APPEARANCE OF ASSISTANT DIRECTORS
BEFORE IN-SERVICE CLASSES

W.S.
MR. TAVEL, 11/2/61:

The time allotted to Files and Communications Division for appearance before In-Service classes is devoted to taking the class on a tour of our space in the Justice Building and explaining our operations on the spot, rather than classroom lecture. I make it a point to appear before each class to explain the purpose of the tour and encourage questions. On November 2, I recall that I had gone to our division's space in the Identification Building, where we have several hundred employees. I attempt to inspect this space several times a week, and on this occasion was detained due to a discussion with supervisory personnel of installation of new ventilation equipment in the room containing our lamination machine used for file repair, and several other matters pertaining to the work of the division. I was unable to return to the Justice Building until shortly after the In-Service class arrived for the tour, and Mr. Waikart, Number One Man of the Division, appeared before the class in my absence. I will insure in the future that I continue to appear before all In-Service classes, and afford such appearances top priority.

RECOMMENDATION:

For the information of the Director.

gmc
MA
I consider it most important that the top executives appear before training classes unless some very substantial reason prevents it.

PMV
Hereafter, any failure of an asst Dir to appear as scheduled when he is in town should be reported by the Training Div with an explanation.
